

**Personal information**

Date of birth: 8th april 1985  
Nationality: Slovenian

**Contact**

Address: Veliko Globoko 22, 1303 Zagradec, Slovenia  
GSM: +386 40 80 96 76  
Email: e@juresah.si  
Webpage: www.juresah.si

**Skills & Personality**

- PHP & MySQL, Ansible,
- Numerous industrial programming languages
- x86 Assembly, XSLT & XML
- Linux server (bash, etc)
- Windows domain administration
- Linux domain integration
- High reliability OEM (VMWare)
- Hardware maintenance and repair

I am a 41 year old computer expert, with over 20 years professional working experience in this field, while also engaged constant volunteer work in the same field over the years and was involved in many innovative projects.

I have worked in everything from purely technical roles, such as the main and only software developer of chemical and biological reactor control software, to working with people in DENIA workshops and educating them in the use of tools for webdevelopment. I have learned to rely on myself to get the job done, and I have learned to sometimes rely on others to get the job done faster.

It is difficult to summarize years of experience in different settings into a few bullet-points, but I have always done my work with great dedication, and problems to me were always just challenges to overcome. Whatever I get into I solve eventually, if possible with great proficiency. If the task at hand requires it, I am capable of organizing and working with a team. Meeting my clients' expectations is very important to me and I take great pride in ensuring that my work meets the highest objective quality standards.

**Work Experience****Commercial**

## Non-profit

- 17 years,  
since 2009      Društvo za trajnostni razvoj Duh časa  
- Senior engineer involved in majority of repairs by the group during a period  
- Work-process optimization advisor  
- Co-author of EU project documentation
- 4 years,  
since 2010      DENIA - Development of European Non-Profit Internet Activity  
- Lecturer  
- Developer, working on commercial websites  
- Developer, contributing to open-source projects
- 1 year,  
in 2010      Očistimo slovenijo v enem dnevu  
- Member of the technical support crew for email system and website  
- Personal technical support and computer repairs for the core team of organizers
- 4 years,  
since 2008      Earth Organisation for Sustainability  
- Author of multiple articles attributed to the organization  
- Community manager

## Experience with computers / programming

- 2019      Started at T-2 d.o.o.  
A significantly more tech-oriented and innovative company, with multiple datacenters and mostly open-source software.
- 2016      Transferred to Igor Srdoč s.p.  
Access to interdisciplinary team that specializes in computers, focusing my creative effort on this field
- 2011      Transferred to BIA Separations d.o.o. as IT department head  
Gained business process experience, helping them automate by creating functional intranet applications
- 2010      Established web-development organisation DENIA with [Igor Srdoč](#)  
Held lectures in website authoring for numerous startup founders who still remember us.
- 2008      Also a web-developer on the side  
Worked with professional designers to write websites for companies like Biobanka d.o.o. and 12postaja
- 2003      Employed at BIA d.o.o. as an independent developer  
Programming of research biological and chemical reactor - control software, for the Biotechnical faculty, Krka and Lek
- 2002      International programming collaboration: [ICI-ICSA](#); team of 3  
A proof of concept peer-to-peer distributed execution system with high encryption; authored everything except encryption
- 2000      Worked with [Ryan Morris](#)  
Programming team called MesonAI
- 1996      Mastery of programming language: QuickBASIC  
Learned utilization of all the commands in the language
- 1993      First programming language: Sinclair BASIC  
Dazzling programming with computer graphics
- 1990      First computer: HP 9825A  
Learned to type before learning how to write

## Formal Education

- 2000      Technical gymnasium Srednja Agroživilska šola, Ljubljana, Slovenia  
Emphasis on Microbiology and Biotechnology, which I obtained a job in, during my education  
Degree acquired in 2004

## Languages

- Slovenian - fluent conversation & active
- English - fluent conversation & active
- German - minimal
